

# OPPI Digital Learning

OPPI Digital Learning is an online library of digital educational content, including podcasts and videos, intended to assist in the maintenance of competencies and development of new skills for professional planners. This content may also be used to assist professional planners in meeting the annual obligations of their Continuous Professional Learning (CPL) program.

Content is available at any time, and can be streamed on demand, so you can complete your CPL anytime, anywhere!

Here is a complete list of all content available to subscribers of OPPI Digital Learning, as of January 2018.
