DIALOG Sponsored Total Compensation Survey for Multi-Disciplinary Design Firms

DIALOG is sponsoring a compensation survey for Canadian architecture and multi-disciplinary design firms. Cenera Inc., an independent firm, will manage the data collection and analysis in adherence to confidentiality and privacy legislation, and will produce complimentary results reports in January 2026. This survey is best-completed by HR, Finance or Payroll leaders, or alternatively the most appropriate senior representative of your firm, and will remain open until November 28, 2025. For more information or to participate in the survey visit contact kellie.donohue@cenera.ca, to request a link to the survey. Please note that this survey is distinct from the National CIP and PTIA Compensation & Benefits Survey conducted in 2023, and scheduled to be reconducted in 2027, and which is specifically designed to gather information regarding the demographics, job responsibilities, compensation and benefits of Canadian planning professions specifically.
