

Planner – Edmonton

Scheffer Andrew Ltd. is an Alberta based engineering and planning consulting firm with offices in Edmonton, Calgary, and Medicine Hat. We serve the private and public sectors in the planning of residential, commercial, and industrial developments, and provide planning advisory and application processing services to Alberta municipalities.

We are looking for an outgoing and experienced land use planner who is active in the community and has at least five years of planning experience. An urban planning degree or similar and fully certified RPP, MCIP members with the Canadian Institute of Planners are preferred.

- Applicants should demonstrate experience in regulatory land use planning, land use policy and urban design. Experience working within Alberta's planning system and prior consulting experience is preferred as well as experience giving presentations to both technical and non-technical audiences.
- The position includes a mixture of land development processes (Land Use redesignations, Area Structure Plans, Outline Plans, Subdivisions), a variety of public sector planning projects, and collaboration with our engineering team.
- Business development and promotional work are an important part of the role.
- As part of a team, applicants should be self-motivated and able to provide leadership and guidance to other team members, but also be able to work independently as a self-starter. Opportunities for growth in your role within the company are limited only by your ambition.

We offer an attractive benefits package, competitive salary, and flexible working arrangements in a collaborative environment.

If you are interested in this opportunity, please email your resume in confidence to v.klyashitsky@schefferandrew.com. We thank those who express an interest, but only those candidates who best match our requirements will be contacted.
