

## Junior Planner

Edmonton, Alberta

**We're Hiring!** Invistec's Planning Team is currently seeking to fill a new Junior Planner role. This person will be part of a high-paced, energetic, and collaborative team working on a variety of planning projects from large scale plans to site-specific developments to proposal writing. This position requires a motivated and eager team player who is ready to learn, support a growing team, and also work independently. This position may include some evening work and occasional travel.

### Who We Are:

Invistec Consulting provides professional consulting services in planning, engineering, landscape architecture, transportation, and urban design. Founded by professionals with a common passion for *innovation, integrity, and excellence*, our core business is serving clients – small or large, public or private – with efficiency and attention to detail.

### Description of the Opportunity:

- Member of a high-paced interdisciplinary planning team
- Support the development and delivery of exceptional plans, site designs, land development applications, and working with clients, stakeholders, and public officials
- Support the design, delivery, facilitation, and documentation of public engagement activities
- Conduct research, analysis, and writing on a variety of land development planning documents
- Ability to understand and interpret municipal regulations, bylaws, and policies, as well as various provincial regulations
- Liaise with clients, government officials, and regulatory bodies
- Assist with meeting minutes, note taking, and administrative tasks, as required
- Any other such duties as may be assigned

# INVISTEC CONSULTING LTD.

## The Successful Candidate will Possess the Following:

- Degree in Urban Planning or related discipline
- A minimum of 0-2 years of professional planning experience
- Membership or eligibility for membership with APPI is preferred
- Good working knowledge of general planning principles and the development approval process in Alberta
- Strong communication and research skills
- Project management, urban design, and graphic experience will be considered an asset
- Demonstrate public engagement and customer service experience
- Able to work independently and as a member of a team effectively
- Proficiency in MS Office Suite, Adobe Creative Suite and AutoCAD is considered an asset
- Valid driver's license
