

## Calgary Events Committee Presents:

### **Intensifying Chinook Centre: a collaborative approach to redevelopment**

CF Chinook Centre is one of North America's most productive malls; the existing regional shopping centre attracts top retailers and is a regional destination for shopping in the Calgary area. Future investment at Chinook Centre will transform the southeast portion of the site into a mixed-use hub that could include retail, structured parking, residential, office and hotel uses.

Join Breanne Harder with Community Planning at The City of Calgary, Vern Hart with B&A Planning Group, and Greg Jones with Cadillac Fairview for a presentation on the history and future of Chinook Centre, the collaborative approach taken to developing a Direct Control (DC) District for this unique site, and the overarching policy framework that will see the greater Chinook-Manchester area intensify over time.
