

APPI CALGARY EVENTS COMMITTEE PRESENTS:

Rivers District Master Plan

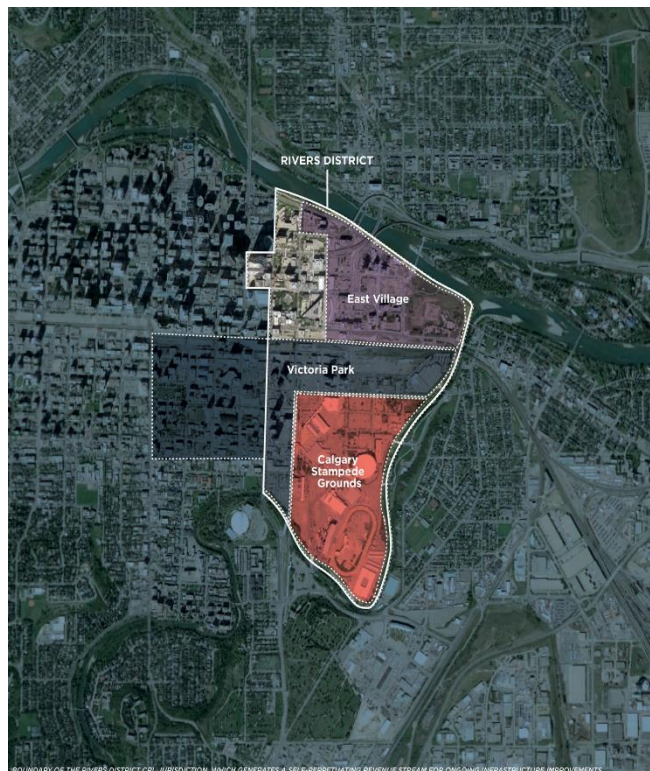

Join us for an informative session with the place making and development team, responsible for bringing East Village back to life. The team has spent the past year creating a holistic, forward-thinking master plan for east Victoria Park: the Rivers District Master Plan.

Learn about the bold vision to create Calgary's Culture and Entertainment district – a twenty-year vision that will result in four million square feet of mixed-use development and more than 8,000 new residents moving into a vibrant community nestled on 500 acres of Calgary's downtown east side.

The presenter is Susan Veres – Senior Vice President of Strategy and Business Development for Calgary Municipal Land Corporation (CMLC). Together with her team, she successfully rebranded Calgary's East Village and transformed the neighbourhood's image from one of the most downtrodden areas in the city to one of its most desirable neighbourhoods. Susan has been integral in crafting a long-term strategic vision for the company, ensuring the organization is well positioned for future growth, and uncovering new and rewarding ways to put the CMLC team's considerable talents as developers and place makers to very good use.

In her 20-plus year career, Susan has worked across multidisciplinary teams to create strong brands, grow partner investment and create meaningful public engagement.

Wednesday, May 30, 2018
